1 PRODUCTION OVERVIEW

We are a small highly motivated team 4 in total – 2 artists + tour manager + FOH Engineer.

PRE - SHOWDAY

(i) Supply of production information

Please look through the technical specifications in the following pages, and send us complete information on:

- proposed sound equipment
- proposed lighting equipment
- proposed backline equipment
- proposed schedule for build, soundcheck and show

Please also provide a plan of the venue showing:

- stage position
- dressing room & production office
- dressing room
- fire exits & routes

(ii) Provision of any necessary permits

It is agreed and understood that the Promoter shall provide and pay for all necessary work permits, visas and any other relevant permissions

(iii) Supply of travel and hotel information

Please let us know your proposed hotel(s), and confirm the nearest convenient commercial airport

2 AUDIO

We would like a Digico SD10 or Allen & Heath S5000 at FOH where possible. We will need the below from you:

- 2 x DPA De Facto 2 (Tom vocal and backup)
- 3 x DI box
- 3 x ways of best quality Sennheiser or Shure IEMS (we bring moulds)
- E906 or AE3000 mic for guitar amp
- 2 x monitor wedges (M2s or M4s preferred where possible please)

3 BACKLINE

We will fly in to your show carrying guitars. We may bring amps and keys with us – this will be detailed in the advance. If backline is needed:

- Nord Stage 3 with seat, stand and sustain pedal
- Fender Blues Jnr or Hot Rod Deville
- 3 x Guitar Stand
- 2 x large stage fan (VERY IMPORTANT)

4 ONSITE ROOMS

1 x Dressing Room suitable for 4 people with comfortable furniture, full length mirror, a desk/table for TM to work from and wireless internet for our sole use, with access to a clean bathroom.
